Average: 5.0/10 By Keishin : I do not usually review games, but I like these recent games by Spicy Ace that has made more than 3000 copies sold, so I decided to review one of them. "The Elden Ring" is a Fantasy game developed by Spicy Ace and that has the same kind of style like a browser game. I mainly played web games and I do not know why this game uses a kind of browser game style, but I found it was a good game. Although the whole game is based on Fantasy genre like a cartoon, this game is different from the other games with Fantasy genre that you see in a cartoon like western image, and it looked much more realistic than the others. So please do not think that the game is just a cartoon, it is more like a real game. I recommend this game if you want a game with Fantasy genre to play

and to have fun. I especially recommend "Elundia" when it releases an official server. Anyway, I hope everyone will enjoy this game as I did. As the Game name says, "Elden Ring" is a Fantasy game based on Anime style. The story is set in the strange Lands Between, where the country of Avakia is going to War with the Human empire. The war is also known as Battle for the Elden Ring because it is famous for its very powerful legendary weapon, the Elden Ring. A 'Hero' who has the power of the Elden Ring is needed in order to protect the Elden Ring and Avakia. This Hero is an Amateur called 'Tarnished', who is wandering in the Lands Between after his adventure. This game is played as 2D Rom-like style like a browser game. In addition to 2D, this game have 3D view, and there is a option to switch to this view when it need a special effect. This game is popular because of its character design and graphics. The character design is good for the game. I like its unique style. The character move speed looks slow, but they have strong attacks. Their movement is smooth and you will not feel a difficult to play. You may also like it because of graphics. The graphics has a very good look and it is charming. You will feel like watching a bff6bb2d33
