footballers in the world. The AI adapts to your favorite strategy and style of play, while the detailed, three-dimensional 1 to 1 player models inspired by real players and serious news clips, such as Thiago Alcântara's dive, become even more realistic.

- Fan-Favorite Team Passes - For the first time in FIFA game history, fans can now select their favorite user-created teams and create their own realistic team, complete with a unique name and custom set of kits. They can now pick their favorite PES playmakers or accelerate with their favorite dribblers.
- New Pace of Play - FIFA 22 rewards players with lower time needed for successful dribbling, and introduces a new, dedicated shot control button along with a new radar overview for assisting control. Precision-guided drop shots and hyper-targeting make it easy to score like never before.
- Abilities - Never before has every position been so customizable. The days of mastering a single position are over as players can now change formation to fit their style of play. The Tactical View has been expanded for intuitive management and control on the pitch.
- New Skills Training - Learn many of the last year's most exciting trends with Balancing and Control Trainer leading your development from youth to veteran. Last touches to more accurate shots, goalkeepers to the most world class saves and first touches to better set-pieces are all covered. A new row just for controls expands the options to control shots and headers at the top of the box.
- Advanced Player Graphics - Showcase your skills with the up close and personal Face of the Player models. Add dimensions to your game including Speed, Agility and Elusiveness.
- Power to Score - Commentary styles have been incorporated into the match engine that improve the entertainment value of your game. Now it's easier to be involved in the most dramatic moments as your favorite commentator becomes the voice of the gameplay.
  - Substitute and Injuries - Activate Substitutions and Deactivate Injuries by the Keeper at a glance.
  - Elite Goalkeeping - Easily complete difficult saves to frustrate your opponent
