Oggy realizes that he needs to continue on foot, to find her, and he battles back to the top of the palace. The episode ends as Olivia sees Oggy's fall, and she dashes off to find him. The cockroaches soon notice this and ambush her before she can get to Oggy and beat her into submission. Olivia is stumped as to how she could have been captured in such a short period of time, only for Oggy to arrive and rescue her. The episode ends as they find a way to escape their captors, with Oggy agreeing to go on the journey, leading them to discover Bob and Jack, locked away from the rest of the camp, all too happy to see their saviors return. Bob and Oggy discuss about the events of the past, while Jack calls out to the mastiffs to have them attack the cockroaches. The episode ends as the mastiffs burst forth, rescuing Jack and Bob, and also rescuing Olivia from her imprisonment. They return to the palace, and Oggy heads off to see if he can return home, armed with a spear that he had taken from the cockroaches.

They manage to track down the lair, but are surprised to find that the cockroaches have been protecting an actual treasure in one of the red boxes, but they're ambushed on the way back to the palace. Oggy battles back, and they manage to outlast the cockroaches in the ending. As the cockroaches are set to attack again, Bob asks for mercy, and the cockroaches let the cats live, so long as they give up the treasure and leave. Oggy has no intention of leaving, and he takes the treasure and leaves the palace. They spot him just after he left, and Oggy throws the treasure to Olivia in gratitude for her sacrifices. Olivia heads off to talk to Oggy, as she celebrates that he's still around, and she realizes that she can't go home yet.

## Torrent Oggy And The Cockroaches The Movie

What a "mission" it is! Within the next hour he discovers that a plague of giant cockroaches is invading every city. In the city of Peoria, Oggy heads down to a sewer to save the children of a family who have just been roachified. It goes without saying that he has to save them from the fate that the roaches reserve for everybody, especially an infant who happens to be under the sink. As he leaves the city, he looks back, and the Statue of Liberty towers over the roachified San Francisco.

This leads him to wonder, "What would it take to blow this deal?" One of the most disturbing
